Restorative Practice

e-Learning CPD for teams and organisations

Engaging and effective e-Learning CPD for all workplace teams

Learning Themes

This CPD course introduces your team/s to restorative practice (RP), with a focus on:

- Introducing RP in the workplace context
- Improving relationships and communication
- Creating a psychologically safe culture
- Improving mental health and well-being

Alongside access to the e-Learning CPD course, we guide each team through skills practice via live video meetings.

This is an e-Learning CPD course for workers and leaders in social care, healthcare, housing, community services, education, prison and probation services, voluntary work and care sectors, private companies and those people managing the well being of their team/s.

The course enables teams to draw on existing strengths, identify needs and apply restorative practice to specific 'pinch points'.

After watching the role play:

Restorative Thinking holds the Restorative Service Quality Mark (RSQM), the Training Provider Quality Mark (TPQM), the CANparent Quality Mark, the i-Network Innovation Award for 'Transforming and Innovating Public Services' (November 2018).
